As a precaution during the application of the pesticide, it is required for you to vacate your unit for 4 hours after the treatment is done.

Cockroach Treatment Preparation Sheet – Spray Application/Dust Application:

1. In all rooms. Please move all furniture away from the wall.
2. In the kitchen. Remove all items in the cupboard, pantry, drawers, countertops, stove and fridge top. Place all items on top of the table and cover them with plastic or linen.
3. Remove all items in the storage area. You can place all removed items on top of a bed or couch.
4. All pets must vacate the area during the treatment.
5. Keep all garbage properly disposed. Keep all areas of the house clean and dry.
6. In the Bathroom – place your toothbrush, toothpaste and other items in a bag / Ziploc and remove all items in the lower cabinets.

Note: Please mop the floor and wipe off the chemical residue on the countertop. Clean the house first prior to letting children in the house.

For pregnant women, allergies, illnesses or other unusual circumstances, it is advisable to stay away from the premises longer than as stated above.

Dragnet – PCP # 24175
