As a precaution during the application of the pesticide, it is required for you to vacate your unit for 4 hours after the treatment is done. This must be followed strictly.

### **Preparation sheet – Drain Flies**

1. In the kitchen – Keep away all the food. Make sure all containers are covered and sealed.
2. Make sure that the kitchen sink is dry and free from any food crevices or debris before the treatment.
3. In all bathrooms – Keep away all personal care products.
4. Dry all sink and bathtub before the treatment.
5. All pets must be out of the premises during the treatment.

### **NOTE:**

1. Please see the Recommendation page for Drain Flies.
2. If you have any question regarding the preparation, please call us on the number stated above.

**Reminder:** For pregnant women, babies, with allergies, illnesses or other unusual circumstances, it is advisable to stay away from the premises longer than as stated above.

Dragnet – PCP # 24175
